

12th Workshop on Monitoring and Change in Permafrost

2-3 December 2011

Hokkaido University, Graduate school of environmental science, D103

Talk 15min. Questions 15min.

		Presenter	Presentation Titles	Affiliation
2nd Dec (Fri)				
	Chair	T. Sueyoshi		
12:50	13:00	T. Sueyoshi	Opening remarks	JAMSTEC
13:00	13:20	T. Sueyoshi	Assesment of an experiment for LGP permafrost distribution	JAMSTEC
13:20	13:40	K. Saito	Collection and quality control of ground temperature and frost depth data in Japan	JAMSTEC
13:40	14:10	Yulia Khalilova	Aerovisual survey along oil pipeline in permafrost	IEG RAS
14:10	14:20		Tea break	
14:20	14:50	T. Sakai	Formation and internal structure of pingos in Mongolia	Hokkaido Univ.
14:50	15:20	K. Yoshikawa	Isotopic internal structure of open/closed-system pingos	UAF
15:20	15:50	G. Iwahana	A discussion about development process of a lithalsa in Altai	Hokkaido Univ.
15:50	16:00		Tea break	
16:00	16:30	T. Sone	Change in palsas on the Daisetsu Mountains	ILTS
16:30	17:00	S. Tamaru	Formation of ice flower from "Shimobashira", change in internal structure of the vegetation and weather conditions	Hokkaido Univ.
17:00	17:30	K. Kim	A project of monitoring for construction of a new base in the interior of the Antarctic	NIPR
<hr/>				
	18:00~		Banquet	
<hr/>				
3rd Dec (Sat)				
Talk 15min.	Questions 15min.			
	Chair	G. Iwahana		Hokkaido Univ.
9:00	9:30	N. Matsuoka	Slow and certain movement of rock glaciers on the Svalbard	Tsukuba Univ.
9:30	10:00	M. Ishikawa	Data base of frozen ground temperature	Hokkaido Univ.
10:00	10:30	K. Konya	Slide show: Glaciers in Eastern Siberia	JAMSTEC
10:30	10:40		Tea break	
10:40	11:10	A. Ikeda	Monitoring of permafrost on Mt. Fuji (2008-2011)	Tsukuba Univ.
11:10	11:40	K. Fukui	Flow rate and thickness of perenial snow on the Mt. Tsurugi, Tateyama and Kashimayari	Caldera
11:40	12:10	Y. Sawada	A plan of the "Frozen Ground" featured Geopark in Shikaoi	Fukuyama Univ.
<hr/>				
		M. Ishikawa	Closing remarks	Hokkaido Univ.
