 - SEP 25 (Thu) 16:30–18:00 Zooplankton and Krill
 - SEP 26 (Fri) 16:30–18:00 Polar marine mammals
- **Student program**
 - SEP 19 (Fri) 15:00–18:00 Student seminar

- You learn a broad range of Arctic and Antarctic sciences from world leading polar scientists.
- This is an opportunity of English communication with foreign lectures and students.
- The program is for students interested in earth science as well as those study polar science.

Students earn 2 credits as a program of HSI (Hokkaido Summer Institute) program

The credit from this lecture is required for the Diploma of Antarctic Science
